**General comments:**

1. Interview and online survey provided the same data. Interview to be eliminated.
2. Correcting standards needed. 300 and 400 level classes: 5-page minimum, mark mistakes but do not correct them.
3. Portfolio evaluation won’t be part of FL 401. Every advisor takes the initiative in students’ last semester.
PORTFOLIO EVALUATION. PILOT PROGRAM. FALL 2007. OUTCOME RESULTS.

Presentation & Q/A session provide enough data. Question generation exercise is redundant. To be eliminated.

Dialang test is problematic at least in Spanish. B1 result is best possible.

To be eliminated. Hard to gather data.

Standards for literature instructors. Theory must be included in lit. papers.
